

Colorado Springs Fire Department

Division of the Fire Marshal

Inspection Checklist LP-Gas Exchange/Storage

Disclaimer

CSFD checklists are **not** intended to be all inclusive or stand-alone submittal documents. The items listed include the minimum technical information required to conduct an initial plan review. Please call-out and provide code study for any deviations/exceptions to prescriptive code. The current Fire Code is the 2021 International Fire Code (IFC) with local amendments.

Congratulations, your permit has been approved and you are on your way to getting your project completed. The next step is passing the inspection. To help you prepare, please review the following checklist and make sure you are ready **BEFORE** you call for your final inspection. **Plan review comments MUST be available during the inspection or it is an automatic failure/fee and inspection must be re-scheduled.**

Approved Site Plans

1. Does the site installation match the submitted and approved plans? (Location/distance from exits/distance from lot lines)		Yes <input type="checkbox"/>	No <input type="checkbox"/>
