North Cheyenne Cañon Park Master and Management Plan

Givens

The givens identify those elements of the Master and Management Plans that are not negotiable. They represent the responsibilities of the Parks, Recreation and Cultural Services Department and provide the parameters for the decisions that will be made through the North Cheyenne Cañon Park master planning process.

- The properties will be collectively named and managed as North Cheyenne Cañon Park. The uniquely acquired properties will be named and signed Stratton Open Space at North Cheyenne Cañon Park, Stratton Preserve at North Cheyenne Cañon Park, Stratton Forest Open Space at North Cheyenne Cañon Park, and Cresta Open Space at North Cheyenne Cañon Park.
- The City's Parks, Recreation and Cultural Services Department is legally responsible for design, maintenance, operations and management of all resources for North Cheyenne Cañon Park.
 - The Master and Management Plan must conform to provisions in the Trails, Open Space and Parks (TOPS) Ordinance (where applicable) and the Colorado Springs Parks Rules and Regulations Ordinances.
 - Decisions regarding Stratton Open Space must align with the 2016 Management Plan approved for that property.
 - The Plan must honor conservation easements currently in place on Stratton Open Space.
 - Liquor consumption in the Park is prohibited as a result of Palmer Deed restrictions on the property.
- High Drive has been designated as a non-motorized recreational trail and will remain closed to vehicular traffic. Decisions regarding Tunnel #3 on Gold Camp Road are under the jurisdiction of the U.S. Forest Service.
- Recreational motorized use of Captain Jack's Trail (Trail #665) will continue to be allowed.
- Many groups and individuals are interested in and encouraged to help develop the best possible Master and Management Plans; all voices will be equal in the decision-making process.
- Implementation of the North Cheyenne Cañon Park Master and Management Plan will occur as funding allows.
- The recommended Master and Management Plan will be submitted to the Parks and Recreation Advisory Board for approval.
