

Stratton Open Space Management Plan

Community Workshop

November 10, 2105

Group Discussion Questions and Comments

Do you have any questions about any of the preliminary strategies?

- Does the plan include wildfire management?
- Problems occur due to lack of maintenance. Will there be enough funding?
- Explain what you mean by “preferred routes”
- What is the timeline for putting plans into action?
- Can 2D tax funds be used for this plan?
- How do dogs off-leash in CSU area relate to City code?
- What are noxious weeds and are you doing anything beyond Russian olive removal?
- Are you looking at restricting park use during muddy times?
- How do you address the natural spring wet area near the Ridgeway trailhead and what is the purpose of the culvert?
- Explain CSU’s desire for an off-leash dog designation
- Why did the Humane Society stop ticketing off-leash dog owners at the Reservoir?
- What does “trail standards” mean?
- Who do users call to express concerns regarding trail conditions or issues?

Is anything missing that you believe is important to include?

- How the City is planning to deal with the vandalism problem with a specific individual
- Address the overall issue of public safety (fire, off-leash dogs, etc.)

Do you have any comments about any of the strategies?

- Provide a way to collect opinions at trailheads or on website
- Good information
- Bad microphone
- Off-leash dog ordinance should be enforced
- Mixed-use concerns due to mountain bikers and hikers on the same trails
- Link the GOCOSprings phone app on the City website
