Q1. Does it have to be screen print or will Direct Print work?

A1. Cost-effective high performance alternate materials may be considered, if the performance meets or exceeds the warranty requirements. Please provide photo examples if alternative materials are proposed.

Q2. On the requests for ADA signs will Thermo Compression work for the Braille?

A2. Cost-effective high performance alternate materials may be considered, if the performance meets or exceeds the warranty requirements. Please provide photo examples if alternative materials are proposed.

Q3. Can we bid partial on this project?

A3. Yes, the City of Colorado Springs reserves the right to make more than one award using the evaluation criteria listed in this RFQ to determine the best value and the greatest overall benefit to the City.

Q4. Is MMT open to flat bed printing the aluminum signage and / or vinyl decal adhere to the top instead of screen printing to the aluminum. Flat bed printing and / or vinyl would fulfill the one year warranty period.

A4. Cost-effective high performance alternate materials may be considered, if the performance meets or exceeds the warranty requirements. Please provide photo examples if alternative materials are proposed.

Q5. As an option can we do a HP latex digital print?

A5. Cost-effective high performance alternate materials may be considered, if the performance meets or exceeds the warranty requirements. Please provide photo examples if alternative materials are proposed.

Q6. Once a PO is entered, what is the turnaround time for product to be delivered?

A6. Turnaround time will be negotiated and determined working with the vendor, based on order size and complexity.

Q7. Please further explain the installation aspect and requirements.

A7. Installation may include decals to external and internal vehicle surfaces.

Q8. There is no size info for the route number decals. What size would you like that to be?

A8. Current decal is 1.25"W x 2.25"H

Q9. Does the alternate material pertain to the downtown shuttle ZEB signs, or also the route number decals?

A9. Cost-effective high performance alternate materials may be considered, if the performance meets or exceeds the warranty requirements. Please provide photo examples if alternative materials are proposed.
